RE: Time extension: Response to Request for Supplemental Information
Triassic Park Hazardous Waste Disposal Facility permit application

Dear Mr. Gandy:

The Hazardous and Radioactive Materials Bureau has received a letter dated May 6, 1999 from your contractor, Montgomery Watson, requesting, on behalf of the Gandy-Marley Corporation, a time extension for submittal of a response to our Request for Supplemental Information (RSI) on the Triassic Park Hazardous Waste Disposal Facility permit application. Gandy-Marley contractors now expect to submit responses and revisions by May 21, 1999.

A time extension of approximately 30 days is granted for submittal of your response. This extends the submittal date to June 8, 1999.

We look forward to receiving your submittals. If you have any questions, please contact me at 505/827-1558 ext. 1039.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert S. Dinwiddie".
