Dear Ms. Dreith:

As discussed with Mr. Greg Starkebaum of TechLaw via telephone last week, the amendment to the Hazardous and Radioactive Materials Bureau contract to continue TechLaw's services for review of the Triassic Park Hazardous Waste Disposal Facility permit application has been approved. Accordingly, please complete the engineering review for this permit application. We understand that Mr. Starkebaum will meet directly in Denver with a representative of the engineering contractor for Triassic Park.

If you have any questions, please contact me at 505/827-1558 ext 1016.

Sincerely,

Stephanie Kruse
