Stephanie & David,

Attached is the revised (redline/strikeout version) Section 8 of the Triassic Park Permit Application, updated with the agreed upon soil sampling rate. The text includes closure cost estimate summaries for closure and post-closure. I have also attached the cost estimate and soil samples calculation spreadsheet files, which provide the detail and assumptions for calculating the costs. Please call if you have any questions.

Diane

(See attached file: Section 8 redlines 6-2000.doc) (See attached file: soil sample calcs.xls) (See attached file: Closure Cost Estimate with sampling at 2000 sq ft.xls)
