Stephanie and Dave,

As requested, I am sending electronic text files that make up much of the Triassic Park Permit document. Each section of Volume I is a separate file (including the TOC), attached to this message. I will also send the following additional documents in another message so that these e-mails don't get too large: O&M Plan, Engineering Report text, CQA Plan, Construction Specifications, Surface Water Control Plan, and the ALR and RAP. I did not include the VZMS Work Plan, since Toby is in the midst of revising it and should have it to you soon. Note that he will also be revising Section 3 of the permit (GW Protection) based on Glen's comments, although I included the most recent version to date. Also, note that Section 4 (WAP) is being handled by Trey, so our version may be out of date.

Let me know if I missed anything or if you have any questions.

Diane Dwire
