Stephanie,

Here is the WAP as I revised it from our phone call. I looked at it again this morning and found one item that I apparently overlooked. It is the text requested regarding amenable cyanide. I will look that up after our call this morning and send you what I find. I would also like to discuss the table with you. I have some new thoughts about how to make them a little more appropriate for the WAP. Sorry about the delay in getting this to you, I am sure that it will be a topic of conversation on the conference call this morning. Let me know if you have questions.

Trey
