Red PDF 2001

Stephanie and Steve-

Sorry I missed your call, Stephanie; I've been finishing the Rocky audit, and was out that afternoon.

I am almost done with the promised edits to F, but have a question: I heard from Steve Holms and June that you submitted a letter requesting provision of outstanding plans, etc. As such, when the facility responds to this, won't F and the body of the permit change again? That is, instead of saying (for example) that a HASP will be provided, permit attachment F will be revised to state which attachment the HASP now is. Do you want me to continue with edits (again, I am just at the final typing stages, and then pretty well on the way/done), or do you want to hold off until you get everything from the Permittee, and start the edits then (would reduce redundancy!). I will do whatever you all want me to do, so just let me know!!!

Also, I hope the SAP was ok--- if you requested one from the Permittee, too, I hope that you can still use what we gave you as a review guide or something.

Again, Let me know how/if you want me to continue!!! You can leave a message for me at 303-526-5463 (I will be at Rocky tomorrow morning), or you can call me at Rocky--- I don't have the number with me, but Steve Zappe has the Team Space number.

thanks  
Connie
