RE: Triassic Park Public Hearing
Friday, May 4th 6:30pm
Roswell Chamber of Commerce

Please find attached a Notice and memos to me from Ken Schultz, a friend of mine and a former Mayor of Albuquerque, discussing the up coming Triassic Park Public Hearing. I regret that I will be out of town and unable to publicly support this project.

It is my understanding that since we first heard about this project in 1995 there have been improvements to this project making it an even better hazardous waste management facility.

There is apparently some misunderstanding about the type of waste referred to here, and I think it is important to note the permit is for chemical waste as described in the Notice. I feel very confident in both Bob Marley and Dale Gandy in that they have raised their families in this area and have a love for the land and would not do anything that would be detrimental to this area.

I hope you will take the time to attend this hearing and even write a letter of support. I am addressing mine to:

Mr. Dale Gandy, President
Gandy Marley Inc.
P. O. Box 1658
Roswell, NM 88202-1658

Thanks a bunch!!

xc: Dale Gandy
