Dear Mr. Gandy,

I regret that I am unable to attend the Public Information Meeting in Roswell regarding your Triassic Park RCRA Permit. I attended the first meeting you held in 1995 and was impressed then, and still believe this project poses no threat to us in the surrounding area.

It is important to me as a mother, a citizen and a city councilor that spent commercial chemicals be disposed of properly and in a long lasting facility that will not be of concerns to our land and future generations.

I wish you and Bob the best in completing this project and in a successful venture in Triassic Park.

Sincerely,

Judy H. Stubbs
