FROM: JUDY KING

Dear Steve,

I have a video store in Hagerman, NM. We enjoy a large cross section of the Pecos Valley as our clientele, pulling customers from nearby communities as well as our own.

The hazardous waste dump east of Roswell which you are permitting has caused quite a stir in our little town. It wasn't long ago that a medical waste incinerator was nearly placed in the middle of Hagerman. Because of that, we are a little sensitive to facilities of this kind. Some of our customers asked if we would allow a petition placed in our store asking for a public information meeting in Hagerman. (We heard on the radio meetings were planned for Roswell, Tatum, Albuquerque, and Santa Fe). Hagerman is closer than all of those except Tatum.

We feel it is essential that we here in the valley be informed of the implications of this facility. Many of us would not be able to make a meeting in Roswell. Please help us by holding one of these meetings in Hagerman.

The people who left their addresses would like to be informed of any and all public meetings regarding this subject, and a check mark means that individual needs information in Spanish.

Hard copies will be following in the mail.

If you have any questions, please feel free to contact me at 505.752.8888.

Sincerely,

Judy King
