**RE: TRIASSIC PARK – PUBLIC NOTICE**

Enclosed please find for filing new versions of both the Public Notice and a Fact Sheet for the Triassic Park draft permit. This is the third such notice provided to your office. The new Public Notice confirms the Department's intention to hold a Public Hearing, notices the extension of the public comment period, and makes other small changes to the process. The Public Notice was published and distributed to everyone on the NMED mailing list on August 15, 2001. Affidavits of publication will be provided to your office upon receipt. The new Fact Sheet incorporates a new list of prohibited wastes reflecting the differences between a March 2001 and a June 2001 version of the draft permit.

Please note that the Public Notice, on page 2, second paragraph under PUBLIC HEARING, specifies the regulations and procedures that will be used to conduct the hearing. Please also notice the new venue for the hearing, the Roswell Independent School District's Pueblo Auditorium.

If you have any questions, please do not hesitate to contact me at my new telephone number, 428-2544.

Sincerely

Steve Pullen  
TP Project Manager  
Hazardous Waste Bureau
