RE: TRIASSIC PARK HAZARDOUS WASTE PERMIT, U.S. EPA'S FINAL PERMIT REVIEW

Dear Mr. Sales:

Enclosed are copies of the documents you requested via e-mail. I understand that your request is associated with your office's review of the Triassic Park Hazardous Waste Permit. Included are a hard copy of all checklists completed in association with the Applicant's parts A and B applications, a disk copy the groundwater documents related to the facility's groundwater monitoring equivalency determination, and a disk copy of the entire final permit application.

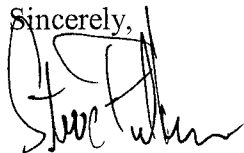

The enclosed checklists address multiple versions of the application that came in 1994, 1996, 1998, and 2000. I provide them as they are organized in the bureau's administrative record for Triassic Park. The enclosed final permit application (October 2000) has tracked changes based on the Applicant's response to a bureau notice of deficiency.
