Subject: Public Service Announcement for the New Mexico Environment Department

Laura,

Please find attached a public service announcement for a public meeting in Roswell regarding a draft permit to construct and operate the Triassic Park Waste Disposal Facility in Chaves County issued for public comment by the New Mexico Environment Department Hazardous Waste Bureau. We would appreciate the PSA being broadcast twice on Thursday November 17th during the morning and evening commute. Please notify me if that is possible. In response to a question from a member of the public, the Environment Department also would appreciate a notification by email stating the times that the attached public service announcement was broadcast.

Thank you very much for broadcasting this PSA on 96.1 FM.
