**Subject:** RE: Triassic Park Permit Renewal Postings

Katie,

The first time Renee was able to post or leave the public notices at all locations. It was this recent effort that we were unable to post at: Artesia PO, Tatum PO, Roswell PO (but posted at the warehouse building), Hobson Coop is closed.

John

**Subject:** RE: Triassic Park Permit Renewal Postings

John,

It sounds like some of these locations we were able to post the documents last time, but this time we weren't granted permission (Tatum). However, there are others (Roswell post offices, Artesia) where it appears that we were never able to post the documents. Is that correct? I was under the impression that Renee was able to post the documents in all locations last time.

Can we get clarification?

Thanks,  
Katie

**Subject:** RE: Triassic Park Permit Renewal Postings

Katie,

Please see the e-mail from Renee Romero on the Triassic Park public notice and fact sheet postings.

I talked with Renee about some of the location not allowing the postings.

John

**Subject:** RE: Triassic Park Permit Renewal Postings

John, all the postings have been done. There are a few exceptions. I ran into problems with the post office in Artesia. They don't allow public notices of any kind. They took the documents in case the Post master made an exception. The smaller places like Lake Arthur and Hagerman had unmanned offices and did have boards in the lobby where people would post items. I did leave notices on these boards. Tatum post office did not allow but the previous time I was there no one was in attendance so I had left it posted. This time the permission was not granted.

Roswell main post offices did not allow public postings but I was able to leave copies at the warehouse building because no one was around to say yes or no.

The coop at the Hobson place is closed (used to be local farm area but has been closed for a few years now) there is nothing there showing to be any kind of an office or area.

If you don't mind giving me the combo code you had mentioned I could use for the time spent that would be much appreciated.

Thank you,

*D. Renee Romero*

Renee,  
Attached are the documents that will need to be posted at the same locations you provided the last time.  
I will call to discuss as well.

Thanks, John

**Subject:** FW: Update on Triassic Park Permit Renewal

Renee,  
HWB will need some additional work from you to post notices, etc. at the same locations you did in the past for us.

I will be in contact by phone with you this week once we are ready to go with updated notices.

Please let me know of a good time (Tuesday or Thursday) to contact you to discuss.

Thanks,  
John
