Document Distribution, MS 451-21
P.O. Box 2078
Carlsbad, NM 88221-2078

Dear Mr. Miller:

RE: WID controlled documents

Enclosed are signed copies of various WID Controlled Document Distribution Sheets and Document Hard Copy Distribution Sign-Off Sheets. I am returning the copy of a document (12-HP1245) for which I have no corresponding manual and should not be on the distribution list for documents from this manual.

I have identified a procedure that has been updated in the WIPP Hazardous Waste Facility Permit (WP ~~02-RC-04~~ ^{10-AD3029}) which is newer than the copy I have in my controlled document manual. Would you please send me a controlled copy of the most recent version of WP ~~02-RC-04~~ ^{10-AD3029}?

Nearly three years ago I received several indices to WID controlled documents which list document numbers, titles, and associated manuals. These indices were current as of 7/10/97, and I have attached a copy of the cover page for one of them to refresh your memory. If there are more recent versions of these indices, could you please include them in the same mailing as the procedure I requested above? I find them extremely helpful in determining into which manuals certain documents must be placed.

If you have any questions, please call me at (505) 827-1560, x1013.

Sincerely,

Steve Zappe
