Subject: WID CONTROLLED DOCUMENTS

Dear Mr. Zappe:

I am writing you in regards to your April 6, 2000 letter to Mr. Darrell Miller concerning WID controlled document distribution sheets; procedure WP 10-AD3029, Calibration and Control of Monitoring and Data Collection Equipment; and WID controlled document indices.

I am enclosing a copy of procedure WP 10-AD3029, Rev. 2, Calibration and Control of Monitoring and Data Collection Equipment per your request. Please sign the attached Document Hard Copy Distribution Sheet and return it to Mr. Darrell Miller at WIPP. It is my understanding that a Class I Permit Modification Notification is being prepared to update Attachment P of the WIPP Hazardous Waste Facility Permit to include the most recent revision to this procedure.

The WID controlled document indices are no longer used due to the implementation of a project wide electronic document distribution program. In the past, WID used the document indices to assist employees in locating procedures in manuals. Procedures are no longer associated with manuals and are filed alpha-numerically in our controlled document locations.

If you have any questions, please contact me at (505) 234-8618.

Sincerely,

M. M. Bowditch, Manager  
Document Services
