COMMENTS

Don -

Check your e-mail for my response to your other questions. Attached is the only other shipment report for RFETS waste, and there are no new containers from RFETS in the WWIS. The repository report does indicate additional containers from Hanford, from which I printed out the container data report for one of them. Call me Monday if you have any further questions. In my absence, contact John Kieling or James Bearzi here in the bureau at 827-1557.
