Don -

In response to your e-mail this morning, attached are the following items: CAO "Requirements Document"... RFETS shipment summary reports for RF000018 and 19 (already shipped) and RF000020 (pending)... Hanford shipment summary report RL-00-01... and current WWIS repository report.

You will receive the INEEL audit report approval letter once it has been signed, since you are on the cc: list. Note that 19 containers of INEEL waste appear as "pending characterization" in the repository report.
