Don -

I embedded my responses in the body of your message -

RF000038 shipped 10/23/00, received 10/24/00

RF000041 received 11/4/00

Will do.

>
> *3. The current repository report.*

Will do.

Regarding additional WSPFs - I received two for INEEL waste on 11/18. INW247.001 is for raschig rings, INW296.001 is for light metal. Due to the volume of paper, I will mail this out today along with copies of the reports you requested from the WWIS

Regarding audit reports - I received the LANL audit report on 11/3. Sorry, it slipped my mind. However, I did not receive an electronic copy of the final audit report and the B6 checklists. Upon receipt of those, I will e-mail them to you. In the interim, I will also enclose a copy of the audit report (without checklists) in your mail package going out today.

Finally, nothing new on the resubmittal of the on-site characterization/confirmation modification. Frankly, I don't expect it by tomorrow, but

001122

I'll let you know if we do receive it.

Happy Thanksgiving!

Steve
