RE: CAR 01-022 Compliance Issues with CCA

Dear Mr. Walker:

In response to your e-mail dated April 23, 2001, concerning CAR 01-022 compliance issues with CCA, you are correct, the CCA-Related in block 11c should be marked "Yes". The example you provided and several other statements in the CCA support the fact that this CAR is CCA related. Thank you for your input. CAR 01-022 will be amended to indicate CCA-related. Further evaluation of the requirements for Corrective Action Reporting has revealed that there is no requirement for determining CAR applicability to CCA, therefore this option will be removed from MP 3.1 and Section 11 of the CAR form. Your keen observation has assisted us in removing an unnecessary activity in our CAR reporting process.

If you have any questions, please contact me at (505) 234-7423.

Sincerely,

Samuel A. Vega
Quality Assurance Manager
