To: Mr. Steve Zappe

From: Victoria Parrill

Regarding: Proposed Class 3 Modification to the Hazardous Waste Facility Permit for the Waste Isolation Pilot Plant

The modification is not acceptable. The original agreement was for materials to be sorted at their site of origin, and only those eligible for WIPP to be shipped for disposal according to accepted criteria.

This proposal vastly increases the risk for improper disposal and for additional shipping of hazardous radioactive waste. The waste needs to be identified and sorted at its originating site.
