Nick - This e-mail is to let you know that I got your message regarding the package you are mailing today. I'm assuming this package contains the RCRIS CAPS program? Also, did Nancy had a chance to run the program and get a final ranking with the existing information?

I will be out of the office the next two weeks: next week will be observing a re-certification audit at the INEEL (with Steve Holmes); the following week on vacation. I'll be in the office the rest of this week if you need to get a hold of me.

I'm looking forward to the package. Until next time.

Will.
