Dear Mr. Zappe:

The purpose of this letter is to notify you that the following Class 1 Modifications submitted on July 20, 2000, have not been put into effect and are no longer needed:

- Item 2.b which would have allowed waste material Type II.2 in metal containers.
- Item 2.c.2 which would have allowed the use of non-glass containers for organic analyses

None of the generator/storage sites have implemented these modifications.
