**CONCERNING INTENT TO  
APPROVE A CLASS 3  
MODIFICATION  
TO THE  
HAZARDOUS WASTE  
FACILITY PERMIT  
FOR THE  
WASTE ISOLATION  
PILOT PLANT  
CARLSBAD, NEW MEXICO  
EPA ID NO. NM4890139088**

The New Mexico Environment Department (NMED) proposes to approve a modification to the Hazardous Waste Facility Permit for the Waste Isolation Pilot Plant (WIPP) pursuant to the New Mexico Hazardous Waste Act, NMSA 1978 §§ 74-4-1 et seq. (Repl. Pamp. 2000). The Permittees, the US Department of Energy Carlsbad Field Office (PO Box 3090, Carlsbad, NM 88221) and Westinghouse TRU Solutions LLC (PO Box 2078, Carlsbad, NM 88221) have submitted a permit modification request to establish new drum age criteria (DAC) for taking a representative headspace gas sample based on additional packaging configuration groups. The WIPP facility is located north of Jal Highway (State Highway 128) in Eddy County, New Mexico, approximately 26 miles east of Carlsbad.

NMED announces both the availability of the WIPP draft permit for public comment and a public hearing, if requested, to consider public comment prior to issuance of a final permit incorporating the modification. NMED also announces the availability of a fact sheet that sets out in detail the principle basis for NMED's decision to approve the permit modification request, and the significant factual, legal and policy questions considered in preparing the draft permit. The fact sheet also describes elements of the modification request that were denied by NMED and the imposition of additional requirements that were not requested by the Permittees but were deemed necessary by NMED.

On November 13, 2000, the Permittees submitted a Class 1 modification to NMED to establish a new method for determining the time a container must sit after packaging before it may be subjected to headspace gas sampling, known as drum age criteria (DAC). Shortly after receipt, NMED informally notified the Permittees that the request did not meet the criteria for a Class 1 modification and would be rejected. On December 7, 2000, the Permittees resubmitted the modification request as a Class 2 modification. Based upon the comments received from the public, NMED denied the modification on March 26, 2001. On May 1, 2001, the Permittees submitted a revised modification request, which was subject to public comment through July 6, 2001. Prior to the end of the public comment period, the Permittees submitted comments and additional information to amend their modification request. On August 30, 2001, NMED reclassified the DAC modification to follow the procedures for Class 3 modifications, which include the development of a draft permit for public review and comment.

**PUBLIC REVIEW OF  
THE DRAFT PERMIT**

A copy of the WIPP draft permit and the fact sheet may be reviewed at: New Mexico Environment Department, Hazardous Waste Bureau, 2905 Rodeo Park Drive East, Building 1, Santa Fe, New Mexico, 87505, (505) 428-2517. Attn: Mr. Steve Zappe; and on the NMED web site ([www.nmenv.state.nm.us/wipp](http://www.nmenv.state.nm.us/wipp)). The entire administrative record for this administrative action may be reviewed at the Hazardous Waste Bureau at above address.

**PUBLIC HEARING**

NMED will conduct a public hearing only if, prior to June 27, 2002, it receives a timely request for public hearing as set forth below. If the Secretary of the NMED does not receive a request for public hearing, then the Secretary will cancel the public hearing and directly notify the public of that decision no later than July 12, 2002, in the following manner: (1) NMED will provide written notice to all persons submitting written comment or who request to be notified of the cancellation of the hearing; and (2) NMED will publish a notice of cancellation of the public hearing in a newspaper of general circulation.

If NMED holds a public hearing, it will be to accept additional public comment on the draft permit. The hearing will begin August 26, 2002 at 9:00 a.m., and be located at the Harold Runnels Building Auditorium, 1190 S. St. Francis Drive, Santa Fe, NM. The public hearing will provide interested persons a reasonable opportunity to present data, views, and arguments, as well as to examine witnesses. The hearing will continue daily with morning, afternoon, and evening sessions as appropriate, until all persons have been afforded an adequate opportunity to present comment. The hearing will be conducted in accordance with the Hazardous Waste Management Regulations, 20 NMAC 4.1.901.F, and the following sections of the Environment Department Permit Procedures, 20 NMAC 1.4:

100-116	301
201.A. and B.	302
202	402-403
203.C	501-503
204	

**PUBLIC COMMENT**

Any person, including the Permittees, wishing to submit written public comment or present oral public comment at the public hearing for NMED's consideration, shall do so according to the procedures set forth below. The public comment period commences on the date of this notice and continues through the public hearing.

**A. WRITTEN PUBLIC COMMENT  
AND REQUESTS FOR PUBLIC  
HEARING**

NMED will accept written public comment and requests for public hearing on or before June 27, 2002. Written comments shall be based on all reasonably available information and include, to the extent practicable, all referenced factual materials. All requests for public hearing shall provide: (1) a clear and concise factual statement of the nature and scope of the interest of the person requesting the hearing; (2) the name and address of all persons whom the requester represents; (3) a statement of any objections to the permit modification, including specific references; and (4) a statement of the issues which such persons proposes to raise for consideration at the hearing. Documents in the administrative record need not be re-submitted if expressly referenced by the commentator. Written comment and requests for public hearing must be filed with Mr. Steve Zappe on or before June 27, 2002 at NMED Hazardous Waste Bureau, 2905 Rodeo Park Drive East, Building 1, Santa Fe, New Mexico, 87505.

**B. ORAL PUBLIC COMMENT**

At the public hearing, NMED will accept technical and non-technical oral comment. The Hearing Officer will set reasonable limits upon the time allowed for oral comment. Oral comment on the draft permit shall be accepted at the public hearing as set forth below:

1. Non-Technical: Any person may present non-technical oral public comment at the hearing. The Hearing Officer will reserve time for non-technical oral comment during each day of the public hearing. Any person may file non-technical written comment in lieu of oral comment on or before the date of the hearing with the Hearing Clerk at NMED, Room N-4071, 1190 St. Francis Drive, P.O. Box 26110, Santa Fe, New Mexico.

2. Technical: Any persons, including the Permittees, who wish to present technical oral comment shall file a *Notice of Intent to Present Technical Testimony* on or before July 29, 2002 with the Hearing Clerk at the address provided above. Technical testimony is defined as scientific, engineering, economic or other specialized testimony, and can be in either written or oral form. Technical testimony does not include legal argument, general comments, or statements of policy concerning matters at issue in the hearing. To promote efficiency, fairness and avoid prejudice and surprise, technical oral comment will be restricted to points and factual information raised in written comment with the exception of rebuttal, as appropriate. The *Notice* shall contain the following information:

A. Person/Entity: Identify the person or entity filing the *Notice*;

B. Position: State whether the person or entity filing the *Notice* supports or opposes the revised draft permit;

C. Witnesses: Identify each witness, including name, address, affiliation(s), and educational and work background;

D. Length of Testimony: Estimate the length of the direct testimony of each witness;

E. Exhibits: Identify all exhibits; for all exhibits that are not part of the Record Proper, attach a copy;

F. Technical Materials: Identify all technical materials relied upon by each witness in making a statement of technical fact or opinion contained in the direct testimony. Attach a copy of such technical materials for the Record Proper; submit a copy of such technical materials to the Hearing Clerk concurrently with the filing of the notice;

G. Direct Testimony: Attach a summary of direct testimony of each witness, stating any facts or opinion(s) to be offered by such witness and explaining the basis for such facts or opinion(s); summaries of testimony shall be comprehensive, substantive and provide sufficient detail to avoid surprise, prejudice and allow for effective cross-examination. Any summary that does not meet this requirement shall be excluded. Oral public comment shall be limited to written public comment as provided above.

3. The failure to file a timely *Notice of Intent to Present Technical Testimony* meeting the requirements above shall preclude a person from presenting technical oral comment, but shall not preclude a person from presenting non-technical oral comment.

4. The requirements for presenting oral comment shall not apply to NMED. NMED will not present written or oral comment on the draft permit, but reserves the right to file a *Notice of Intent to Present Technical Testimony* so that it may present testimony at the public hearing.

**C. PARTY STATUS**

1. Any persons, including the Permittees, who wish to be a party for purposes of public participation at the hearing shall file either a timely *Notice of Intent to Present Technical Testimony* or a timely *Entry of Appearance* on or before July 29, 2002 to the Hearing Clerk at the address provided above. The *Entry of Appearance* shall include the following:

A. Person: The person or entity filing the entry and current address for written notification;

B. Position: State whether the person or entity supports or opposes the revised draft permit; and

C. Length of Testimony: Provide an estimate of the amount of time for oral comment, if any.

2. The failure to file a timely *Entry of Appearance* shall preclude a person from being a party in the proceeding, but shall not preclude a person from presenting non-technical oral public comment at the hearing.

3. The Department may file an *Entry of Appearance* to participate at the public hearing.

As soon as practicable, but in no event later than two weeks prior to the hearing, the Hearing Officer shall make a hearing schedule available for public participants and mail it to each person who files an *Entry of Appearance* or *Notice of Intent to Present Technical Testimony*.

**PROCEDURE OF ISSUANCE  
OF FINAL PERMIT DECISION**

NMED will respond in writing to public comments prior to proposing a final decision to the Secretary. The Secretary will issue a final permit decision and response to comments. This response shall:

(a) specify which provisions, if any, of the draft permit have been changed in the final permit decision, and the reasons for the change; and

(b) briefly describe a response to all public comments on the draft permit or the permit application raised during the public comment period or public hearing.

The Secretary will make the final permit decision publicly available and shall notify the Permittees by certified mail; all persons presenting written comment, who filed an *Entry of Appearance* or requested notification in writing shall be notified of the decision by first-class regular mail. The Secretary's decision shall constitute a final agency decision and may be appealed as provided by the Hazardous Waste Act.

**CONCERNING INTENT TO APPROVE A CLASS 3 MODIFICATION TO THE HAZARDOUS WASTE FACILITY PERMIT FOR THE WASTE ISOLATION PILOT PLANT CARLSBAD, NEW MEXICO EPA ID NO. NM4890139088**

The New Mexico Environment Department (NMED) proposes to approve a modification to the Hazardous Waste Facility Permit for the Waste Isolation Pilot Plant (WIPP) pursuant to the New Mexico Hazardous Waste Act, NMSA 1978 §§ 74-4-1 et seq. (Repl. Pamp. 2000). The Permittees, the US Department of Energy Carlsbad Field Office (PO Box 3090, Carlsbad, NM 88221) and Westinghouse TRU Solutions LLC (PO Box 2078, Carlsbad, NM 88221) have submitted a permit modification request to establish new drum age criteria (DAC) for taking a representative head-space gas sample based on additional packaging configuration groups. The WIPP facility is located north of Jal Highway (State Highway 128) in Eddy County, New Mexico, approximately 26 miles east of Carlsbad.

NMED announces both the availability of the WIPP draft permit for public comment and a public hearing, if requested, to consider public comment prior to issuance of a final permit incorporating the modification. NMED also announces the availability of a fact sheet that sets out in detail the principle basis for NMED's decision to approve the permit modification request, and the significant factual, legal and policy questions considered in preparing the draft permit. The fact sheet also describes elements of the modification request that were denied by NMED and the imposition of additional requirements that were not requested

On May 1, 2001, the Permittees submitted a revised modification request, which was subject to public comment through July 6, 2001. Prior to the end of the public comment period, the Permittees submitted comments and additional information to amend their modification request. On August 30, 2001, NMED reclassified the DAC modification to follow the procedures for Class 3 modifications, which include the development of a draft permit for public review and

comment.

**PUBLIC REVIEW OF THE DRAFT PERMIT**

A copy of the WIPP draft permit and the fact sheet may be reviewed at: New Mexico Environment Department, Hazardous Waste Bureau, 2905 Rodeo Park Drive East, Building 1, Santa Fe, New Mexico, 87505, (505) 428-2517, Attn: Mr. Steve Zappe; and on the NMED web site ([www.nmenv.state.nm.us/wipp](http://www.nmenv.state.nm.us/wipp)). The entire administrative record for this administrative action may be reviewed at the Hazardous Waste Bureau at above address.

**PUBLIC HEARING**

NMED will conduct a public hearing only if, prior to June 27, 2002, it receives a timely request for public hearing as set forth below. If the Secretary of the NMED does not receive a request for public hearing, then the Secretary will cancel the public hearing and directly notify the public of that decision no later than July 12, 2002, in the following manner: (1) NMED will provide written notice to all persons submitting written comment or who request to be notified of the cancellation of the hearing; and (2) NMED will publish a notice of cancellation of the public hearing in a newspaper of general circulation.

If NMED holds a public hearing, it will be to accept additional public comment on the draft permit. The hearing will begin August 26, 2002 at 9:00 a.m., and be located at the Harold Runnels Building Auditorium, 1190 S. St. Francis Drive, Santa Fe, NM. The public hearing will provide interested persons a reasonable opportunity to present data, views, and arguments, as well as to examine witnesses. The hearing will continue daily with morning, afternoon, and evening sessions as appropriate, until all persons have been afforded an adequate opportunity to present comment. The hearing will be conducted in accordance with the Hazardous Waste Management Regulations, 20 NMAC 4.1.901.F, and the following sections of the Environment Department Permit Procedures, 20 NMAC 1.4:

203.C/501-503

**PUBLIC COMMENT**

Any person, including the Permittees, wishing to submit written public comment or present oral public comment at the public hearing for NMED's consideration, shall do so according to the procedures set forth below. The public comment period commences on the date of this notice and continues through the public hearing.

**A. WRITTEN PUBLIC COMMENT AND REQUESTS FOR PUBLIC HEARING**

NMED will accept written public comment and requests for public hearing on or before June 27, 2002. Written comments shall be based on all reasonably available information and include, to the extent practicable, all referenced factual materials. All requests for public hearing shall provide: (1) a clear and concise factual statement of the nature and scope of the interest of the person requesting

the hearing; (2) the name and address of all persons whom the requester represents; (3) a statement of any objections to the permit modification, including specific references; and (4) a statement of the issues which such persons proposes to raise for consideration at the hearing. Documents in the administrative record need not be re-submitted if expressly referenced by the commentator. Written comment and re-

quests for public hearing must be filed with Mr. Steve Zappe on or before June 27, 2002. NMED Hazardous Waste Bureau, 2905 Rodeo Park Drive East, Building 1, Santa Fe, New Mexico, 87505.

**B. ORAL PUBLIC COMMENT**

At the public hearing, NMED will accept technical and non-technical oral comment. The Hearing Officer will set reasonable limits upon the time allowed for oral comment. Oral comment on the draft permit shall be accepted at the public hearing as set forth below:

1. **Non-Technical:** Any person may present non-technical oral public comment at the hearing. The Hearing Officer will reserve time for non-technical oral comment during each day of the public hearing. Any person may file non-technical written comment in lieu of oral comment on or before the date of the hearing with the Hearing Clerk at NMED, Room N-4071, 1190 St. Francis Drive, P.O. Box 26110, Santa Fe, New Mexico.

2. **Technical:** Any persons, including the Permittees, who wish to present technical oral comment shall file a Notice of Intent to Present Technical Testimony on or before July 29, 2002 with the Hearing Clerk at the address provided above. Technical testimony is defined as scientific, engineering, economic or other specialized testimony, and can be in either written or oral form. Technical testimony does not include legal argument, general comments, or statements of policy concerning matters at issue in the hearing. To promote efficiency, fairness and avoid prejudice and surprise, technical oral comment will be restricted to points and factual information raised in written comment with the exception of rebuttal, as appropriate. The Notice shall contain the following information:

**A. Person/Entity:** Identify the person or entity filing the Notice;

**B. Position:** State whether the person or entity filing the Notice supports or opposes the revised draft permit;

**C. Witnesses:** Identify each witness, including name, address, affiliation(s), and educational and work background;

**D. Length of Testimony:** Estimate the length of the direct testimony of each witness;

**E. Exhibits:** Identify all exhibits; for all exhibits that are not part of the Record Proper, attach a copy;

**F. Technical Materials:** Identify all technical materials relied upon by each witness in making a statement of technical fact or opinion contained in the direct testimony; Attach a copy of such technical materials for the Record Proper; submit a copy of such technical materials to the Hearing Clerk concurrently with the filing of the notice;

**G. Direct Testimony:** Attach a summary of direct testimony of each witness, stating any facts or opinion(s) to be offered by such witness and explaining the basis for such facts or opinion(s); summaries of testimony shall be comprehensive, substantive and provide sufficient detail to avoid surprise, prejudice and allow for effective cross-examination. Any summary that does not meet this requirement shall be excluded. Oral public comment shall be limited to written public comment as provided above.

3. The failure to file a timely Notice of Intent to Present Technical Testimony meeting the requirements above shall preclude a person from presenting technical oral comment, but shall not preclude a person from presenting non-technical oral comment.

4. The requirements for presenting oral comment shall not apply to NMED. NMED will not present written or oral comment on the draft permit, but reserves the right to file a Notice of Intent to Present Technical Testimony so that it may present testimony at the public hearing.

**C. PARTY STATUS**

1. Any persons, including the Permittees, who wish to be a party for purposes of public participation at the hearing shall file either a timely Notice of Intent to Present Technical Testimony or a timely Entry of Appearance on or before July 29, 2002 at the Hearing Clerk at the address provided above. The Entry of Appearance shall include the following:

**A. Person:** The person or entity filing the entry and current address for written notification;

**B. Position:** State whether the person or entity supports or opposes the revised draft permit; and

**C. Length of Testimony:** Provide an estimate of the amount of time for oral comment, if any.

2. The failure to file a timely Entry of Appearance shall preclude a person from being a party in the proceeding, but shall not preclude a person from presenting non-technical oral public comment at the hearing.

3. The Department may file an Entry of Appearance to participate at the public hearing.

As soon as practicable, but in no event later than two weeks prior to the hearing, the Hearing Officer shall make a hearing schedule available for public participants and mail it to each person who files an Entry of Appearance or Notice of Intent to Present Technical Testimony.

**PROCEDURE OF ISSUANCE OF FINAL PERMIT DECISION**

NMED will respond in writing to public comments prior to proposing a final decision to the Secretary. The Secretary will issue a final permit decision and response to comments. This response shall: (a) specify which provisions, if any, of the draft permit have been changed in the final permit decision, and the reasons for the change; and

(b) briefly describe and respond to all public comments on the draft permit or the permit application raised during the public comment period or public hearing.

The Secretary will make the final permit decision publicly available and shall notify the Permittees by certified mail; all persons presenting written comment, who filed an Entry of Appearance or requested notification in writing shall be notified of the decision by first-class regular mail. The Secretary's decision shall constitute a final agency decision and may be appealed as provided by the Hazardous Waste Act.

**CONCERNING INTENT TO APPROVE A CLASS 3 MODIFICATION TO THE HAZARDOUS WASTE FACILITY PERMIT FOR THE WASTE ISOLATION PILOT PLANT CARLSBAD, NEW MEXICO EPA ID NO. NM4890139088**

The New Mexico Environment Department (NMED) proposes to approve a modification to the Hazardous Waste Facility Permit for the Waste Isolation Pilot Plant (WIPP) pursuant to the New Mexico Hazardous Waste Act, NMSA 1978 74-4-1 et seq. (Repl. Pamp. 2000). The Permittees, the US Department of Energy Carlsbad Field Office (PO Box 3090, Carlsbad, NM 88221) and Westinghouse TRU Solutions LLC (PO Box 2078, Carlsbad, NM 88221) have submitted a permit modification request to establish new drum age criteria (DAC) for taking a representative headspace gas sample based on additional packaging configuration groups. The WIPP facility is located north of Jal Highway (State Highway 128) in Eddy County, New Mexico, approximately 26 miles east of Carlsbad.

NMED announces both the availability of the WIPP draft permit for public comment and a public hearing, if requested, to consider public comment prior to issuance of a final permit incorporating the modification. NMED also announces the availability of a fact sheet that sets out

hearing and directly notify the public of that decision no later than July 12, 2002, in the following manner: (1) NMED will provide written notice to all persons submitting written comment or who request to be notified of the cancellation of the hearing; and (2) NMED will publish a notice of cancellation of the public hearing in a newspaper of general circulation.

If NMED holds a public hearing, it will be to accept additional public comment on the draft permit. The hearing will begin August 26, 2002 at 9:00 a.m., and be located at the Harold Runnels Building Auditorium, 1190 S. St. Francis Drive, Santa Fe, NM. The public hearing will provide interested persons a reasonable opportunity to present data, views, and arguments, as well as to examine witnesses. The hearing will continue daily with morning, afternoon, and evening sessions as appropriate, until all persons have been afforded an adequate opportunity to present comment. The hearing will be conducted in accordance with the Hazardous Waste Management Regulations, 20 NMAC 4.1.901.F, and the following sections of the Environment Department Permit Procedures, 20 NMAC 1.4:

**PUBLIC COMMENT**

Any person, including the Permittees, wishing to submit written public comment or present oral public comment at the public hearing for NMED's consideration, shall do so according to the procedures set forth below. The public comment period commences on the date of this notice and continues through the public hearing.

**A. WRITTEN PUBLIC COMMENT AND REQUESTS FOR PUBLIC HEARING**

NMED will accept written

concerning matters at issue in the hearing. To promote efficiency, fairness and avoid prejudice and surprise, technical oral comment will be restricted to points and factual information raised in written comment with the exception of rebuttal, as appropriate. The Notice shall contain the following information:

**A. Person/Entity:** Identify the person or entity filing the Notice;

**B. Position:** State whether the person or entity filing the Notice supports or opposes the revised draft permit;

**C. Witnesses:** Identify each witness, including name, address, affiliation(s), and educational and work background;

**ADDITIONAL INFORMATION**

In detail the principle basis for NMED's decision to approve the permit modification request, and the significant factual, legal, and policy questions considered in preparing the draft permit. The fact sheet also describes elements of the modification request that were denied by NMED and the imposition of additional requirements that were not requested by the Permittees but were deemed necessary by NMED.

On November 13, 2000, the Permittees submitted a Class 1 modification to NMED to establish a new method for determining the time a container must sit after packaging before it may be subjected to headspace gas sampling, known as drum age criteria (DAC). Shortly after receipt, NMED informally notified the Permittees that the request did not meet the criteria for a Class 1 modification and would be rejected. On December 7, 2000, the Permittees resubmitted the modification request as a Class 2 modification. Based upon the comments received from the public, NMED denied the modification on March 26, 2001. On May 1, 2001, the Permittees submitted a revised modification request, which was subject to public comment through July 6, 2001. Prior to the end of the public comment period, the Permittees submitted comments and additional information to amend their modification request. On August 30, 2001, NMED reclassified the DAC modification to follow the procedures for Class 3 modifications, which include the development of a draft permit for public review and comment.

#### PUBLIC REVIEW OF THE DRAFT PERMIT

public comment and requests for public hearing on or before June 27, 2002. Written comments shall be based on all reasonably available information and include, to the extent practicable, all referenced factual materials. All requests for public hearing shall provide: (1) a clear and concise factual statement of the nature and scope of the interest of the person requesting the hearing; (2) the name and address of all persons whom the requester represents; (3) a statement of any objections to the permit modification, including specific references; and (4) a statement of the issues which such persons proposes to raise for consideration at the hearing. Documents in the administrative record need not be re-submitted if expressly referenced by the commentator. Written comment and requests for public hearing must be filed with Mr. Steve Zappe on or before June 27, 2002 at NMED Hazardous Waste Bureau, 2905 Rodeo Park Drive East, Building 1, Santa Fe, New Mexico, 87505.

#### B. ORAL PUBLIC COMMENT

At the public hearing, NMED will accept technical and non-technical oral comment. The Hearing Officer will set reasonable limits upon the time allowed for oral comment. Oral comment on the draft permit shall be accepted at the public hearing as set forth below:

1. Non-Technical: Any person may present non-technical oral public comment at the hearing. The Hearing Officer will reserve time for non-technical oral comment during each day of the public hearing. Any person may file non-technical written comment in lieu of oral comment on or before the date of the hearing with the Hearing Clerk at NMED, Room N-4071, 1190 St. Francis Drive, P.O. Box 26110, Santa Fe, New Mexico.

ent shall be excluded. Oral public comment shall be limited to written public comment as provided above.

3. The failure to file a timely *Notice of Intent to Present Technical Testimony* meeting the requirements above shall preclude a person from presenting technical oral comment, but shall not preclude a person from presenting non-technical oral comment.

4. The requirements for presenting oral comment shall not apply to NMED. NMED will not present written or oral comment on the draft permit, but re-serves the right to file a *Notice of Intent to Present Technical Testimony* so that it may present testimony at the public hearing.

#### C. PARTY STATUS

1. Any persons, including the Permittees, who wish to be a party for purposes of public participation at the hearing shall file either a timely *Notice of Intent to Present Technical Testimony* or a timely *Entry of Appearance* on or before July 29, 2002 to the Hearing Clerk at the address provided above. *The Entry of Appearance* shall include the following:

A. Person: The person or entity filing the entry and current address, for written notification;

B. Position: State whether the person or entity supports or opposes the revised draft permit; and

C. Length of Testimony: Provide an estimate of the amount of time for oral comment, if any.

2. The failure to file a timely *Entry of Appearance* shall preclude a person from being a party in the proceeding, but shall not preclude a person from presenting non-technical oral public comment at the hearing.

Any person seeking additional information regarding this draft permit, or who would like to arrange for copies of the draft permit at 35 cents a page after the first 80 pages, may contact Mr. Steve Zappe at the Hazardous Waste Bureau, 2905 Rodeo Park Drive East, Building 1, Santa Fe, New Mexico 87505, (505) 428-2517.
