Mr. Steve Zappe

New Mexico Environment Dept.

Public Comments Re: WIPP Drum Age Criteria (DAC) Draft Permit Mod.

Please revise your plans to grant this permit. Our understanding from talking to Don Hancock and people from Card and other individuals is that this modification is not necessary and there has been no proof or indication that it is necessary. Please consider our comments to concur with those of SRIC.

Also, as in the SRIC comments we also hope to see a response to the need for a delayed public hearing if you can not refuse this permit at this time.

Thank you,
Ray and Barbara Stevens
Chimayo, New Mexico
