Steve Zappe
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe, NM 87505-2905

Dear Mr. Zappe:

We would like to invite you to join us for a U.S. Department of Energy-hosted workshop on September 18 from 6 p.m. to 9 p.m. at the Sheraton Albuquerque Uptown Hotel. Workshop participants will include representatives of the remote-handled transuranic (TRU) waste generator/storage sites who will meet to discuss issues relative to the proposed disposal of remote-handled waste at the Waste Isolation Pilot Plant.

Site representatives will present a brief overview of the remote-handled TRU waste activities at their respective sites, followed by a question-answer session.

The three-hour session promises to be informative and will provide an excellent opportunity to hear first-hand information about remote-handled waste from knowledgeable sources.

Please let us know if you will be able to attend by calling Ms. Susan Scott, Westinghouse TRU Solutions, at 505 234-7204, or e-mail susan.scott@wipp.ws. The Sheraton Uptown Hotel is located at 2600 Louisiana Blvd. N.E.

Sincerely,

Dr. Clayton Gist
RH-TRU Program Manager
Carlsbad Field Office
