Subject: Transmittal of the Corrected B6 Checklists for inclusion in the Recertification Audit Report for the Los Alamos National Laboratory (A-02-30)

Re: Interoffice Memorandum, "LANL Audit Report" from Connie Walker and June Drieth to Steve Zappe, Dated December 6, 2002

Dear Mr. Zappe:

This letter transmits the corrected B6 Checklists for the Los Alamos National Laboratory Recertification Audit Report. The B6 checklists have been revised to address the comments identified by your staff via the referenced interoffice memorandum. Please replace the B6 checklists transmitted earlier with the attached checklists. Revised procedure compact disks are also enclosed. The checklists for visual examination and real time radiography did not require revision, but are included for completeness.

Please contact the CBFO QA Manager, Ava Holland at (505) 234-7423 should you have any questions concerning the revised checklists or procedure compact disks.

Sincerely,

Dr. Ines R. Triay
 Manager

Enclosures with audit report

cc w/o enclosure:
 A. Holland, CBFO
 L. Chism, CBFO
