Dr. Inés Triay, Manager
U.S. Dept. of Energy
Carlsbad Field Office
P.O. Box 3090
Carlsbad, NM 88221

Dear Dr. Triay:

The EEG understands that the Carlsbad Environmental Monitoring Center (CEMRC) is completing, for the DOE/CBFO, a laboratory analysis of samples taken from TRUPACT #157. The EEG would like to receive the data and reports generated as a result of the CEMRC measurements on the TRUPACT #157 samples.

This request is in addition to the requests made in our letters of February 11, 2003, November 27, 2002, and September 5, 2002 for information and data about TRUPACT #157. The DOE has yet to provide the data and documents requested in those letters. We look forward to receiving the materials in a timely manner.

Sincerely,

Matthew K. Silva
Director
