To: Steve_Zappe@nmenv.state.nm.us

Steve,

Please send me the following (by the most convenient means):

1. Current audit schedule
2. Ines's presentation at the NAS meeting at SRS
3. The February 19, 2003 NMED NOV and rescission
4. Your notes on drums at the RFETS audit.

All items attached to this fax. SOE

Also, please keep me informed about developments with the WWIS regarding the drums involved in TRUPACT-157 that were returned to INEEL last August, and particularly the drum that was dropped from the WWIS. As you know, I believe that drum must continue to be included in the WWIS.

Thank you for your response.
