STAKEHOLDER WORKSHOP

HOST: U.S. Department of Energy-Carlsbad Field Office
Washington TRU Solutions LLC

WHEN: April 29, 2003

TIME: 6 – 9 p.m.

WHERE: Courtyard by Marriott
3347 Cerrillos Rd.
Santa Fe, New Mexico

PURPOSE: To discuss the 5 proposed permit modification requests scheduled to be submitted to the New Mexico Environment Department regarding the WIPP Hazardous Waste Facility Permit. The modification requests to be discussed include:

1. Removal of underground booster fans
2. Packaging-specific Drum Age Criteria for new containers
3. Removal of formaldehyde as a required analytical parameter for Los Alamos National Laboratory (LANL)
4. LANL sealed sources waste streams headspace gas sampling and analysis requirements
5. Construction and use of hazardous waste disposal units

THIS IS A PUBLIC WORKSHOP INTENDED TO GATHER COMMENTS ON THE PROPOSED MODIFICATION REQUESTS. IT IS NOT MEANT TO TAKE THE PLACE OF THE REQUIRED PUBLIC MEETINGS WHICH WILL BE HELD AT A LATER DATE.
