"Nuclear weapons cannot be justified and deserve condemnation."  
 Archbishop Renato Martino, Permanent Observer of the Holy See  
 to the United Nations October 15, 1997

Dear Mr. Zappe,

Please use whatever means you  
 have to stop the DOE from continuing  
 its process of eroding the original  
 limitations to the WIPP agreement.  
 I support your efforts in this direction  
 whole-heartedly!

Sincerely,
