Santa Fe, NM 87505

Subject: DOCUMENTS REQUESTED (FINAL SUBMITTAL)

Dear Ashley:

Enclosed is the final package of information in response to your request dated September 27, 2004. Specifically, the following documents are enclosed herewith:

- INEEL Letter CCN 51208 (7/20/04). Subsequent correspondence is included in the CAR 04-033 Closure Package previously submitted to the Hazardous Waste Bureau;
- CBFO request to BNFL for list of containers to be included in 216, Lot 1, and subsequent correspondence. A few e-mail messages are enclosed. The last two e-mail communications contain the same attachment, except an "addendum." Thus, enclosed is only one set of the attachments entitled "Container Lists for BNINW216 and BNINW218.xls" and the addendum; and
- CBFO communication to BNFL (July 8, 2004) and subsequent correspondence. The attachment to the last letter enclosed, i.e., the letter dated July 29, 2004, is included in the CAR 04-033 Closure Package previously submitted to the Hazardous Waste Bureau.

Communications between BNFL and CBFO related to coring, i.e., information requested in item nine (9) in your e-mail request, were apparently verbal communications because responsive correspondence has not been located.

Also, please note that in our first transmittal, dated October 8, 2004, we stated that an excel spreadsheet regarding Waste Inventory Turnover (December 24, 2002), i.e., information requested in item fourteen (14) in your e-mail request, was "not yet available." However, our subsequent searches have not uncovered an excel spreadsheet from that time period.

We have gathered and reviewed numerous documents and hope that the submitted documents are responsive to your requests. If you have questions, please let us know.

Sincerely,

G. J. Johnson  
WTS General Counsel
