Subject: Notification Required by Permit Attachment O

Dear Mr. Bearzi:

The purpose of this letter is to notify you that 35,000 standard cubic feet of air per minute was not achieved in Room 7 of Panel 6 when workers were present on April 21, 2011. This notification is in accordance with the Permit, Attachment O, Section O-3b(2), *Calculation of the Running Annual Average of Total Mine Airflow*.

Waste disposal was not taking place in this area and access to the area was restricted by the use of barriers in accordance with Permit Attachment O, Section O-1. Personnel entered the room to perform inspections and to prepare for maintenance activities.

Please feel free to contact George T. Basabilvazo at (575) 234-7488 if you have any questions regarding this notification.

Sincerely,

Edward Ziemianski, Acting Manager
