Dear Messrs. Ziemianski and Sharif:

This letter replaces the Fee Assessment, HWB-WIPP-11-01; dated November 9, 2011 as there was a typographical error. The New Mexico Environment Department (NMED) acknowledges receipt of the Class 2 permit modification request to the Update Ventilation Language, Addition to a Shielded Container, and Revision of the WIPP Groundwater Detection Monitoring Program Plan, dated September 29, 2011 and received by NMED on October 3, 2011.

The New Mexico Hazardous Waste Permit and Corrective Action Fee Regulations, 20.4.2.101.J NMAC require the assessment of fees for permit modification request reviews. The fee invoice is attached to this letter.

Payment is normally due within sixty (60) calendar days from the date that you receive the invoice in accordance with 20.4.2.301.C NMAC. However, because NMED submitted an Assessment of supplemental permit fees on September 26, 2011 to the Permittees for State Fiscal

year 2012, and the Permittees transmitted payment of these fees in on October 20, 2011, the fee for this permit modification notification has been effectively paid under the supplemental fees.
