**Subject:** Fee Letter Language

Hi Rick,

I believe I understand your question regarding the working in the Fee Letter. It seems to imply that there was an active transmittal performed by the Permittees for the April 12 and April 19 fees. I reviewed a few older fee letters and the language is consistent with what has previously been used yet I do not believe the intent of the language was to indicate there was an activity on behalf of the Permittee for those fees. Your comment is noted and the Department will update this language so that it reads more accurately in the future.

Thank you for bringing this to my attention. Please feel free to call me if you have further questions or concerns.

Trais:

I have a trivial question on the attached letter. It says that we transferred payment of the fees on April 12 and April 19 of 2012. We sent the check up for supplemental fees up in October 2011. What is the reference to April 12 and April 19 for?

Thanks,

Rick Chavez, Manager
