Dear Mr. Maestas,  
I can be available to give you the GET refresher test on Wednesday, October 10. I have a doctor appointment at 1:00 p.m., so perhaps the morning would be better. Our office is located at 6200 Seagull Lane NE, Suite F, in Albuquerque (ZIP is 87109). I am attaching a map to our office. We are in the white building behind the Scarpa's restaurant on Academy Road very close to I-25. Suite F is in the middle of the building set back from the front. If you have any questions or need additional directions, please feel free to call me.  
Thank you,

*Cindy Morrison*

**Subject:** RE: GET Refresher for NMED Personnel

Good afternoon Ms. Morrison,

Thank you for help with this refresher test!

This week is very busy and would not be all that good for us to go down to Abq.  
Next week would be better and we would be available Tuesday, Wednesday or Thursday.(Oct. 9, 10, 11)

We would prefer to take the test on Wednesday, Oct. 10, say anytime between 10am and 2pm.

Please let us know if this would work for you or if you would prefer another date and time.

We would just need an address to get to you.

Ms. Long,  
Thank you.  
Mr. Holmes and I have our course material handy.  
Thanks again for your help in getting this set up.

*Ricardo Maestas*

Good afternoon,  
I thought I would be easier to respond to all of you at once instead of individual emails.

Cindy,

Mr. Ricardo Maestas and Mr. Steve Holmes are the gentlemen from NMED who are needing to take the GET refresher course. Mr. Maestas will be contacting you about a time, date, place and any other logistical issues that need to be taken care of. Like your tests they will need to take the test and please send the answer sheets back to me.

Mr. Maestas & Mr. Holmes

Please let me know if you need the course material so that I can get you it sent through email for you to review before you take the course. Cindy's contact information is below on her email "signature" for you to contact her.

If there are any other issues, concerns, or needs please let me know.

Misty,

I would be happy to give the NMED guys the GET refresher. I will be in the office all this week, but I have a doctor appointment tomorrow at 11 a.m. I will be back around 11:45 a.m. (if I get in right away). I sometimes go home for lunch, but otherwise I will be in the office. Let me know what works. Thanks,

Cindy

We have a special request for you to see if you could help two NMED gentlemen out. These gentlemen need our GET refresher test and we were hoping that they could meet up with you to take the test that you and your staff had taken this year for your refresher. Please let me know if this is possible and when would be a good time for you to give this test to them if it is possible. If I need to I can send out the test again to you if you do not have it.

Please let me know if this is possible, we have them on hold and would like to get things organized as quickly as possible.

Thank you

Misty Long

Hi Misty,

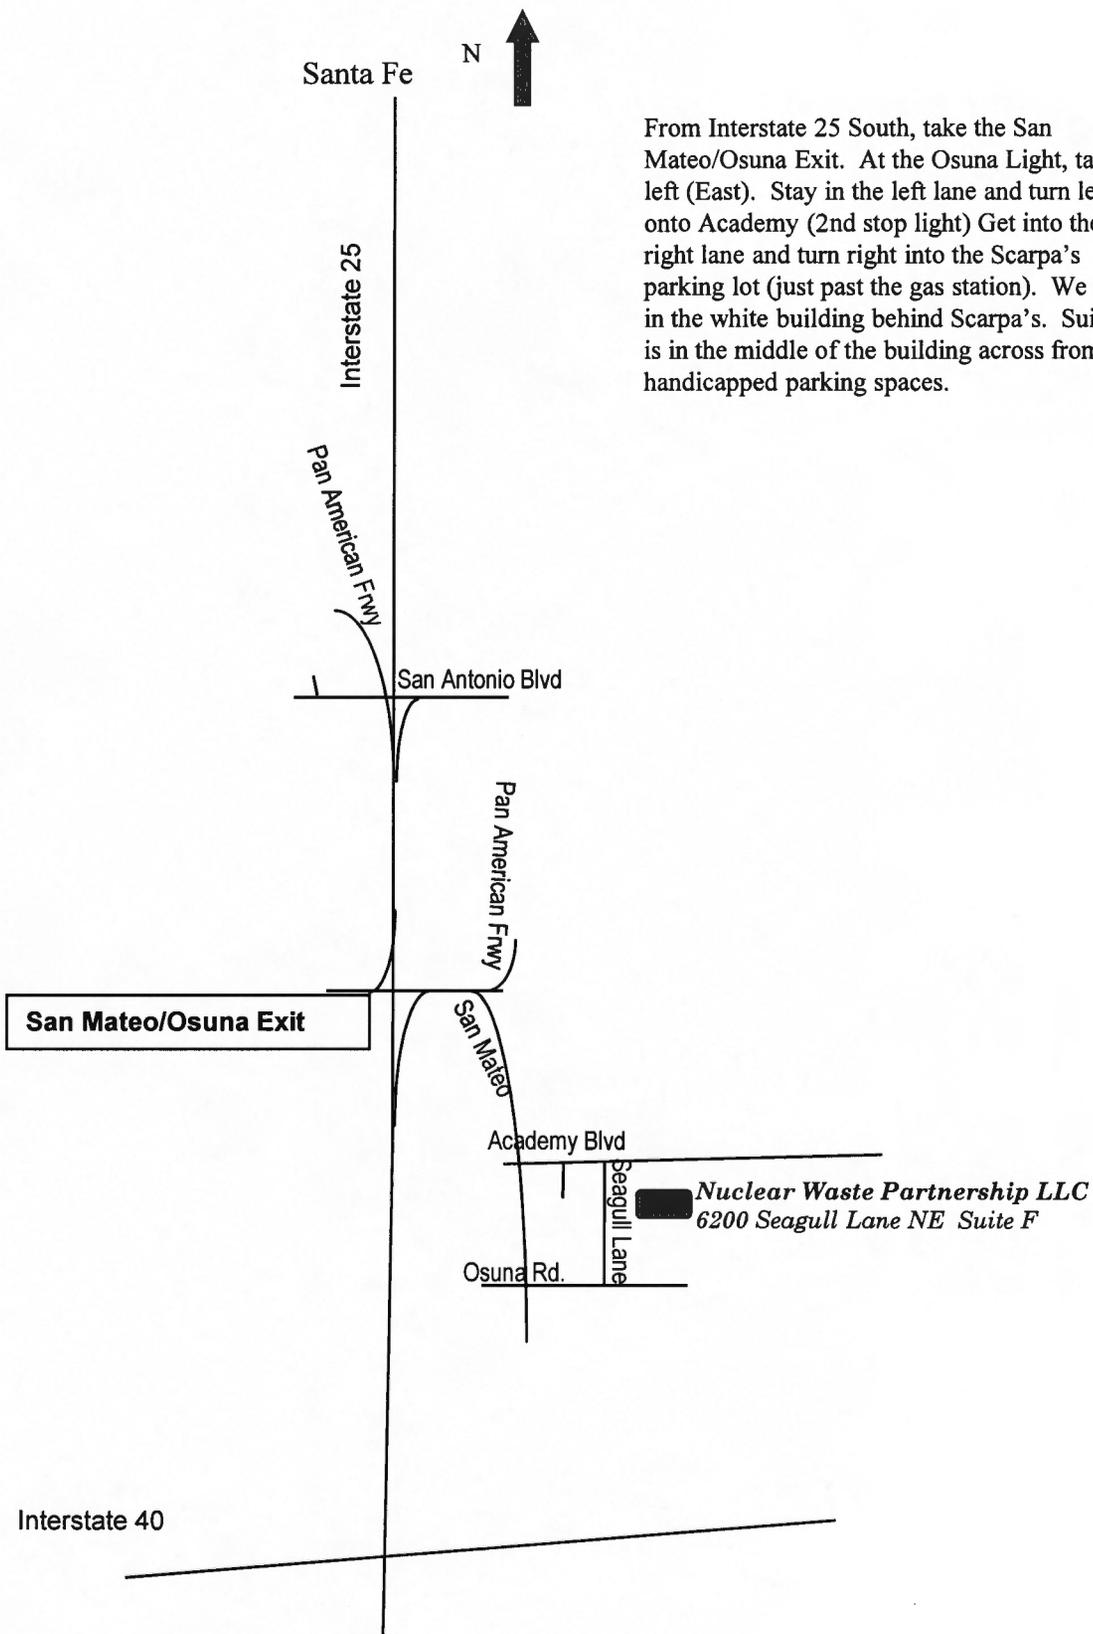

Rick Maestas (505-476-6050) and Steve Holmes are due for their GET Refresher this month. Unlike previous years where they have come to Carlsbad and taken their exam at the SWB, they do not have any travel plans to Carlsbad this time. They would like to take their exam in Albuquerque with Cindy Morrison, if that is okay.

Could you contact her and see if she is available this month to proctor their GET refresher exams for them?

Thank You,

**Mary Ann M. Dearing**

From Interstate 25 South, take the San Mateo/Osuna Exit. At the Osuna Light, take a left (East). Stay in the left lane and turn left onto Academy (2nd stop light) Get into the right lane and turn right into the Scarpa's parking lot (just past the gas station). We are in the white building behind Scarpa's. Suite F is in the middle of the building across from the handicapped parking spaces.
