**Subject:** NMED Annual List from Steve Holmes

Mr. Cook,

Similar to what was provided to NMED on September 2012 (attached), please provide:

The names of all individuals in the following positions: Hazardous Waste Workers, TRU Mixed Waste Handlers, Facility Shift Engineers, Facility Shift Mangers, Central Monitoring Room Operators, Radiographers (Level 1 and 2) Visual Examination Experts (Level 1 and 2), and Permittee's Management Representative. Also, please include a list with 100% of the names with training required for each individual, the date the training was completed and the due date for the next training. This is to verify training and qualification are current. Similar to last year, the list may be coded with position numbers provided a key is included.

In the future, I would appreciate contact with Trais Kliphuis or Dave Cobrain on these or similar matters.

Thanks,

John Kieling

Sorry Steve,

I was going to ask you if this is what you are asking for. I sent the previous email before I added my message to you.

From what you have stated, which different from previous years, it appears that what I outlined is what you are wanting. Please confirm or explain what you expect if different.

Call me if you want to discuss it. My cell phone is the easiest way to reach me.

Thanks,  
Dennis

**Importance:** High

7. Names for all individuals in the following positions: Hazardous Waste Workers, TRU Mixed Waste Handlers, Facility Shift Engineers, Facility Shift Managers, Central Monitoring Room Operators, and Permittees' Management Representative. Inspector is requesting summary of training records for 100% of the names provided to verify training and qualification are current.

All,

MY RECOMMENDATION

Note the yellow highlighted text. All he is requesting is a "summary" of the records. List all of the names in the various positions (100%). Then do a summary listing that states something such as:

Haz. Waste Workers – All XX(number of workers) have current training and qualifications as of XX, XX, XX(date). Verified by \_\_\_\_\_ (name, date, signature of individual who actually verified the records).

Let me know if you have any questions concerning this recommendation.

Dennis

**Subject:** NMED Annual List from Steve Holmes

As most of you know the NMED arrived this afternoon for their annual inspection. Attached is the list that Steve Holmes requests every year to provide to him. He specifically pointed out Item 7 regarding the training records and qualifications and 100% request. I felt that this list should be distributed ASAP to ponder before we start compiling.

If there are any questions please contact myself today and Stewart will be back tomorrow. So far things are going smoothly. A closeout meeting is planned here at 0900 on Thursday.

Thanks,
