

NMED should deny the request of the DOE to eliminate sampling.

It is most important to insure the Health and Safety of the citizens of the State of New Mexico.

Sincerely submitted,

Floy Barrett

**RE: SPECIFIC RESPONSE TO COMMENTS, CLASS 2 MODIFICATION REQUEST  
WIPP HAZARDOUS WASTE FACILITY PERMIT  
EPA I.D. NUMBER NM4890139088**

Dear Commenter:

On March 13, 2013, the New Mexico Environment Department (NMED) took final administrative action on a Class 2 permit modification request (PMR) to the Waste Isolation Pilot Plant (WIPP) Hazardous Waste Facility Permit. The Department of Energy Carlsbad Field Office and Nuclear Waste Partnership LLC (**the Permittees**) submitted this PMR to the Hazardous Waste Bureau on December 12, 2012 seeking to revise Waste Analysis Plan Waste Characterization Methods.

NMED approved the modification with changes. This Class 2 PMR was evaluated and processed in accordance with the requirements specified in 20.4.1.900 NMAC (incorporating 40 CFR §270.42(b)). It was subject to a 60-day public comment period. You are receiving this mailing because you provided public comment on this modification. NMED's specific response to all comments as well as further information on this administrative action may be found on the NMED WIPP Information Page at <<http://www.nmenv.state.nm.us/wipp/>>.

NMED appreciates your participation by submitting comments on these permit modification requests. Please contact Trais Kliphuis at (505) 476-6051 or via e-mail at <[trais.kliphuis@state.nm.us](mailto:trais.kliphuis@state.nm.us)> if you have further questions or need additional information.

Sincerely,

John E. Kieling  
Bureau Chief  
Hazardous Waste Bureau
