Subject: Supporting Permit Modification

To Whom It May Concern,

My name is Don Owen, I am the Director of Operations for the Carlsbad Municipal Schools and I was born and raised in Carlsbad, New Mexico. After high school graduation I worked in the Potash Mines of Carlsbad, NM for 4 years as I put myself through college. With my experience working in the potash mines, I understand how WIPP can provide such a safe environment for nuclear storage. I have raised my children in Carlsbad and part of my job as Director of Operations is to provide for the safety of our 6,000 plus students. I would never put my children or the children of our district in harm's way. WIPP's focus has always been on safety of its employees and the safe and well being of my home, Carlsbad, New Mexico. I support all three parts of this permit modifications request and I encourage the New Mexico Environmental Department to approve the permit modifications.

Sincerely,

Don Owen
Director of Operations
Carlsbad Municipal Schools
