Subject: NMED, Deny Hanford High Level Waste Permit without Public Hearing!

Dear, Ms. Trias Kliphuis

I oppose high-level nuclear waste at WIPP. NMED should deny the class 2 permit modification that changes the "excluded waste" provision regarding 243 high-level waste tanks and eliminates the required public hearing. We have enough problems already without bringing more high-level nuclear waste into the state. We have naturally occurring uranium in our water in the Santa Cruz drainage that is causing cancer and kidney failure. Isn't that enough already?
