Subject: RE: Rad incident at WIPP

Since that doesn't work for Susan, can we try an hour later?
Does anyone have a conf. call number we can use?

Subject: Rad incident at WIPP

All,

Tom has suggested that ORIA, Region 6, and NMED come up with a unified set of questions/data requests for DOE. We could submit them as an email.

Is there a time this morning that all of you would be available for a conference call to coordinate?

Thanks,
Jon
