Subject: Posting of Weekly Report

Trais:

Per our discussion last week here is the email describing information repository posting relative to the Weekly Report. I am providing this so that we can discuss further.

We did not find a category that fit the weekly report required by the Administrative Order. The closest is item 9 of Permit Part 1, Section 1.14.2. Contents of Information Repository

9. Notices of violation, administrative compliance orders, responses to these documents required by the Secretary, and directives from the Secretary associated with the Permit;

However the weekly is not a "notice of violation", nor an "administrative compliance order", nor is it a "response to these documents". The weekly report is not a directive. Therefore it doesn't require posting.

We did post the Administrative Order under the category of directives.

Please call at your convenience.
