Ricardo,

I have a meeting at D1 and then I will be driving in the afternoon.
Could you follow-up with Jerome (575-706-0090) or Rick Salness (575 234-8966) around lunch or in the afternoon if we haven't received an email or phone call.

I hope to get in around 4pm to Carlsbad. I figure we'll probably leave from the Cbad NMED office around 6:30am tomorrow to get out to WIPP.

See you soon!

Susan

Jerome,

I left you a voice message. I'm in a meeting in the morning and will be travelling to Carlsbad this afternoon.

I will have Ricardo Maestas assisting me Wednesday and Thursday in the field.

If you could email me or leave me a voice message at 505 506 4661 and tell me where and when you want to meet tomorrow for the sampling, I would appreciate it. Ricardo and I can go wherever is most convenient – out at the WIPP site, along the Access Road or Highway, at Skeen-Whitlock, etc.

Regards,
Susan

We still are planning it and Jerome can be your primary contact or me if you cannot get him. Jerome is at 575-706-0090.

Thanks.

Rick,

I just wanted to confirm that NWP will be performing the special soil and vegetation this week on Wednesday, March 19 to Friday, March 21.

Should I coordinate with your or directly with the sampling team (Jerome, Jimmy and Rick E) about where to meet them for sampling Wednesday morning?

Regards,
Susan
