**Subject:** WIPP Information - For Call Today

Attached are the tables for the station A and B data, information regarding the audit of WCS, the WCS Contract, the draft re-entry workplan and graphs showing the performance of the filtration system.

Below is a summary of the discussion points for today: (Please note, activities and dates are subject to change. Please verify the most current dates of any information provided).

- A vacuum break is being installed in the exhaust duct (between the two dampers); delayed - work will be initiated on Friday and continue through the weekend.

- Station A and B Sampling: Work is beginning on installing the CAM at Station B today. Will take a few days to install but will not be put on-line for a week or two (allowing for some operational run-time).
- SS and AIS Shaft/Rope Inspections: All preventive maintenance has been completed on the hoist support systems. Entry has been delayed while safety controls are being implemented. Now expected for Sunday.
- Initial Manned Re-entry of U/G: After SS and AIS inspections above are completed, personnel will enter the mine and survey the area between the SS and AIS. This entry is expected to occur on Monday.
- Dry run at a potash mine to prepare for the entry is occurring today.
- After the area between the shafts is surveyed, a team will enter the mine, perform initial characterization and attempt to identify the contamination source and location. Entry is expected early next week.
- The in-service aerosol test on the HEPA filters is tentatively scheduled for Sunday.
- The first TRUPACT 3 unloading has been delayed until Thursday.
- The press release for the WCS contract is on-hold until the Secretary talks to the Governor.

Actions from previous meetings will be discussed during the call:

- The coordinates for Station A and B are as follows: Station A – 32.371621, -103.791727 and Station B – 32.372154, -103.791562
- The VOC summary for the waste handling area has been posted on the web

As a reminder, the call-in number is (866) 723-6758, code 8040901#

Thanks
