Subject: Request for Electronic Recertification Final Audit Reports OE from FY 2012

Dear Ms. Kliphuis:

As requested by Mr. Maestas of your office, enclosed are four (4) Compact Discs (CDs) containing the scanned Objective Evidence (OE) files from audits A-12-13, A-12-14, A-12-15, and A-12-16. These audits were performed prior to the implementation of our paper-saving initiative; therefore, we had not originally created CDs for the OE. We were able to pull the information from our records storage and have it loaded to CDs. These CDs are provided as a courtesy and for informational purposes only.

If you need further assistance regarding this request, please contact Mr. Dennis S. Miehl, Senior Quality Assurance Specialist, at (575) 234-7491.

Sincerely,

 Michael R. Brown, Director
 Office of Quality Assurance
