Subject: Mine Entry Call-In Number

Good morning,

We are in the process of acquiring the call-in number so that you may listen-in on the mine entry today. As soon as we obtain it, we will pass it along to you. When calling in, please identify yourself, but during the call, please refrain from speaking. It is also recommended that you "mute" your end so as to reduce any background noise which could hinder entry-team/operational communications.

Thank you.
