Trais,

George just called me. He said they talked about yesterday's re-entry briefly at the daily 0730 POD (Plan-of-the-Day meeting), but that happened before George came in. He said that he'll be in management meetings for the next two hours and will know more after that; he's going to call me around 10:30 and I'll go down to Skeen-Whitlock to get a briefing from George.

He asked me to ask you if the video was posted on the ICLN yet.

More later,

Cole
