Dear Messrs. Franco and McQuinn:

The New Mexico Environment Department acknowledges receipt of the Final Audit Report for Recertification of the Idaho National Laboratory Central Characterization Project (INL/CCP). The audit report cover letter was dated August 15, 2014 and was received by the Department on August 19, 2014.

The New Mexico Hazardous Waste Permit and Corrective Action Fee Regulations, 20.4.2.201.B(2)(b) NMAC require the assessment of fees. The fee invoice is attached to this letter. Payment is normally due within sixty (60) calendar days from the date that you receive the invoice in accordance with 20.4.2.301.C NMAC. However, because NMED submitted an assessment of supplemental permit fees on November 1, 2013 to the Permittees for State Fiscal year 2014, and the Permittees transferred payment of these fees on November 13, 2013, the fee invoices for the audit reviews have been effectively paid under these supplemental fees.
