Overview of the Permit Modification Request

This document contains a Class 1 Permit Modification Notification (**PMN**) for the Waste Isolation Pilot Plant (**WIPP**), Hazardous Waste Facility Permit (**Permit**) Number NM4890139088-TSDF.

This PMN is being submitted by the U.S. Department of Energy (**DOE**) and Nuclear Waste Partnership LLC, collectively referred to as the Permittees, in accordance with Permit Part 1, Section 1.3.1. (20.4.1.900 New Mexico Administrative Code (**NMAC**) incorporating Title 40 of the Code of Federal Regulations (40 **CFR**) §270.42(a)). The PMN in this document is necessary to notify the New Mexico Environment Department (**NMED**) of a change which impacts the Permit. The change does not reduce the ability of the Permittees to provide continued protection to human health and the environment.

The requested modification to the Permit and any related supporting documents are provided in this PMN. The proposed modification to the text of the Permit has been identified using red text and double underline and a ~~strikeout~~ font for deleted information. All direct quotations are indicated by italicized text.

Description of the Class 1 Permit Modification Notification

Affected Permit Section	Change Description	Category
Attachment D, Table D-2	Update three home addresses in the list of emergency coordinators in Permit Attachment D, Table D-2, Resource Conservation and Recovery Act Emergency Coordinators.	B.6.d

Item 1

Description:

Update three home addresses in the list of emergency coordinators in Permit Attachment D, Table D-2, Resource Conservation and Recovery Act Emergency Coordinators.

Basis:

The changes are classified as "changes in the name, address, or phone number of coordinators..." and, therefore, constitute a Class 1 notification pursuant to 20.4.1.900 NMAC (incorporating 40 CFR 270.42, Appendix I, B.6.d).

Discussion:

These changes are needed because three emergency coordinators have recently changed their home addresses. In order to maintain individual privacy information, these changes are reflected in the copy of Table D-2 maintained by the Facility Shift Manager, and a "confidential" copy of Table D-2 is being sent to the NMED. The current version of the Permit posted on the Information Repository will NOT contain this private information and therefore will not change as the result of this PMN.
