on behalf of our Citizens Group in New Mexico,  
The following are comments regarding the proposed Class 3  
WIPP permit modification.

1) we do not support changing the mission of WIPP to  
surface storage of any waste.

2) This permit change would threaten worker health  
& safety by increasing container handling.

3) The increase in storage is not needed.

4) we do not support storage of high-level waste at WIPP  
and this permit change would facilitate this change.

Sincerely,

J Berde
