Tom,
Thanks for the offer. It sounds like a great trip. Ricardo is out of the office for the next few days and I have other commitments. So we will not be able to attend.

Thanks,
John Kieling

Good morning,
FYI—I think DOE will have plenty of room on the WIPP geology tour on Tuesday if you are interested in going. Maybe the Carlsbad NMED folks would be interested if you can't go?
I doubt that DOE would mind if you wanted to have 2 or 3 staff go if you notify DOE this week. Russ Patterson or Larry Madl would be the people to contact.

Subject: Itinerary for upcoming Geology Tour, Charter Bus #14261

September 26, 2017, at 7:45 AM a 34 Pax Mid Bus (Charter # 14261) will depart from 4021 National Parks Highway, Carlsbad, NM 88220 for a Geology Tour in the vicinity of the Waste Isolation Pilot Plant, 34 Louis Whitlock Rd. Carlsbad, NM. The tour will be led by Dennis Powers who will be providing the bus driver with direction on going to the following locations;

- 1) Capitan reef at mouth of Dark Canyon (walking tour)
- 2) Culebra on 62/180 just south of Dark Canyon Road (most likely to be dropped)
- 3) Overview point of southern Nash Draw at ~intersection of road from NM31 to United Salt at Laguna Grande
- 4) Magenta Point on west side of Nash Draw; see Magenta and overview of Nash Draw (walking/hiking tour)
- 5) Culebra borrow pit south of Mosaic #5 shaft (short hike excursion)
- 6) karst valley on NM128 east of brine lakes (walking tour)
- 7) turnoff from NM128 to Gnome Road (lunch/walking tour of karst)
- 8) WIPP parking lot; overview of shaft locations and potential new shaft location
- 9) Stop at high point on North Access Road for overview of surface topography, brine reservoirs/structure/shaft locations
- 10) Stop along 62/180 west of Intrepid East (hike to view Santa Rosa/Dockum Group)
- 11) Stop on road off 62/180 to hike into Hill A (breccia pipe/collapse chimney)

The following 24 people have been identified to go on this tour, however there may be some dropout.
